Channel 9 News Story On Underage Alcohol Access

Channel 9 news shadowed DLC Alcohol Inspectors, Montgomery County Police and underage volunteers on recent compliance checks. To view the news story, [click here](#).

Operation Extra Eyes Training

Department of Liquor Control teamed up with the Montgomery County Police to hold an Operation Extra Eyes training in Silver Spring this past December that included topics/issues on open containers, habitual drunkards, over-service and underage drinking. The turnout was great, including professionals from Montgomery County regional service centers, red shirt teams, parking garage staff, security companies, liquor inspectors and police. This is another effort to help keep Montgomery County Safe! The extra eyes program was developed by the Montgomery County Police Department.

DLC Inspectors Step Up Presence During Holiday Season

This year the 2011 Holiday Patrol was very productive and resulted in a very productive business season and a low violation rate.

Starting in early November, Department of Liquor Control Alcohol Inspectors were assigned to visit high volume establishments in the county and work with them on compliance issues; over 40 business checks were conducted. On these visits, inspectors talked with management, servers and door/security personnel about current issues for a safe, friendly and compliant business.

Inspectors also worked closely with the Police Holiday Task Force to help reduce drunk driving and underage drinking.

Welcome New Board of License Commissioners

The Montgomery County Board of License Commissioners welcomes 2 new board members, Berni Fomengia and Fred Silverman. Other board members include Eugene Thirolf (chairman) and Keith Um. Please visit www.montgomerycountymd.gov/dlc to view the upcoming hearing schedule.

The Facts...

Alcohol is used by more young people in the United States than tobacco or illicit drugs.

Approximately 5,000 young people under the age of 21 die as a result of underage drinking every year.

Alcohol interferes with young people's bodies and minds, which haven't had a change to fully mature.

Youth who start drinking before the age of 15 are 5X more likely to develop alcohol dependence or abuse.

Youth aged 12-20 years drink 11% of all alcohol consumed in the United States.
